No winter practice

Officer Reports

From the Seneschal

Greetings from the Seneschal.

The Barony had a very good year in 2025. Members of the Barony were seen all over the Kingdom helping out and showing how great our group is. I want to thank everyone who has taken time to help with our many activities and events over the past year. Without your help our group would not be what it is.

As we head into 2026 we have a busy schedule ahead. We start the year out with the Blackstone foodies group providing day board at Region 1 12th Night in February. In April we will be hosting Blackstone Raid 32. Then at the end of May we will be holding the Baronial Championships to determine our Champions. Lastly, we have a new event in November with the Tournament of the Wickerman.

In addition to all of the events we have going on this upcoming year, we will also hold elections for new Baronage, as Baron Cunedda Kell and Baroness Alana Horsecroft will wrap up their baronial reign.

As the group's seneschal, my door is always open. If you have any issues or questions, please feel free to reach out to me. I will help come up with a solution or find someone more qualified who can help.

THL Ulrych Volkhart

Officer Reports

From Thrown Weapons

Over the past year we have been able to grow our thrown weapons in the Barony. We were able to hold several practices, and had regular attendance. This year we had several people throw Royal Rounds in the various weapon forms and become ranked throwers. This past year the Barony was able to purchase some loaner axes and knives so we can get more people on the range.

Now that we have moved into the winter months the thrown weapons practices have been put on hold. However, once we start seeing some nice weather this coming spring we will start practices back up.

When we are able to hold practices again we will have them at Ken Ellis Memorial Park (721 Point Lick Terrace, Charleston, WV 25306). Watch the Baronial Facebook group for practice announcements based on anticipated weather conditions.

THL Ulrych Volkhart
